## ALIEN LAND LAW STILL HANGS FIRE

### Government Officials Waiting For Governor Johnson's Answer.

### PRESIDENT HOPEFUL.

**Everything at a Standstill Until California's Executive Takes Action in The Matter.**

Washington, May 12.—The Wilson Administration is resting on its oars in the California-Japanese situation Nothing further can be done, it was pointed out at the State Department, until Governor Johnson acts.

Word was expected from the California executive today, and arrangements have been completed by Secretary of State Bryan to resume his conferences with Ambassador Chinda as soon as California makes its next move.

Much emphasis was placed on the clause in the telegram sent Governor Johnosn asking for delay, by those familiar with the entire situation. It was accepted as complete proof that the informal conferences between Secretary Bryan and Ambassador Chinda have resulted in an understanding of what could be accomplished through the medium of a new etreaty. It is pointed out that in effect, the flat promise, is made by the Administration that if California will only be patient and not force an issue, its demands will be worked out by the National Government.

The President also made it plain that he is in sympathy with some of the contentions of the Californians and emphasized his contention that Japan is willing to co-operate with the United States in remedying any abuses. And it is declared by everyone familiar with the situation that his positive declaration, in effect that Japan is a friendly nation "willing to co-operate in the establishment of harmonious relations." gives the lie direct to the jingo attempt to make the controversy a war issue.

Although there was a general belief that Governor Johnson would ignore the protest and sign the bill, it is known that this belief was not shared by the President personally. He was extremely hopeful that the California executive would recognize the logic of the latest appeal to him and veto the bill, thus affording the Administration the delay necessary diplomatically, to remedy the complaints. And because of this belief the President, it was explained, has refused to consider any future action until the California executive has spoken.

### RESOURCES OF POTOMAC.

**Need of Improving River to Cumberland, Md., is Made Apparent.**

Word pictures of vast natural resources lying dormant in the regions along the upper Potomac because of the lack of transportation facilities were painted at a hearing Saturday in Washington. The hearing was granted to obtain facts as to whether it would be advisable to make a survey of the Potomac river from this city t Cumberland, Md., with a view to making this stream navigable. Among those who spoke was J. T. Preston, secretary of the Alexandria Chamber of Commerce.

Mr. Preston asserted that those from Alexandria only came to the hearing to listen, but that Alexandria people were in sympathy with any movement to open the river. Colonel Langfitt suggested that the Alexandria people particularly were interested in the matter of bringing goods down the river for transshipment at Alexandria to seagoing vessels. Mr. Preston said that was correct.

Colonel Langfitt declared, after the hearing, that he intended to have interested parties got their data on the matter into his office as quick as possible, so that he could make an early report to the chief of engineers.

Hearings were given at Cumberland and Hancock, Md., Thursday and at Harpers Ferry, W. Va., Friday.

The Alexandria delegation was composed of George S. French, chairman, Henry K. Field, W. M. Reardon and J. T. Preston.

Lee Camp Confederate Veterans, received this morning the two bronze cannon and 40 cannon balls which were donated by the War Department to the city of Alexandria under the authority of a recent act of Congress. The guns were shipped from the Watervliet, N. Y., arsenal. No decision has been reached as to where the cannon will be placed in the city and they are temporarily located in the yard of the camp on Prince street.

### SOUTHERN BUILDING SUIT.

**Compromise Reached Between Rival Factions and Petition Dismissed.**

When the Circuit Court of Alexandria city convened this morning ready to proceed with application of number of stockholders of the Southern Building Corporation, former owners of the Southern building in Washington for a receiver and annulment of the sale of the building to the two fire insurance companies of Washington which purchased it a year ago, a letter was read from Messrs. Sale, Mann and Tyler, of Petersburg, the attorneys representing the plaintiffs, stating that a compromise had been reached between their clients and the defendants in the suit, and asked that the suit be dismissed. Judge Thornton entered an order to this effect.

### ARGUMENT ON DEMURRER.

## WILL REFUSE TO MAKE ANY CHANGE

### The Protestant Episcopal Church Will Continue Under Present Name.

### IT MAY COME LATER.

**Those Who Would Bring About Change Termed "Jesuits in Disguise," and "Snakes in The Grass."**

Washington, May 12.—Admission that an election of delegates indicates that the general convention of the Protestant Episcopal Church will refuse to change the name of the church is made in a statement by the Rev. C. Ernest Smith, rector of St. Thomas parish, and leader in the diocese of Washington of the high church party. But the change will come sooner or later, adds Mr. Smith, who points to the growth of ritualism and ceremonialism in the church as evidence of the steady growth of his party.

Mr. Smith's interview is in reply to the Rev. Randolph McKim, rector of the Church of the Epiphany, commenting on the action of the diocesan convention here last week. Incidentally, Mr. Smith points out that Epiphany, a notably low church parish, has made some concessions to the development of ceremonialism in recent years.

"This whole movement," says Mr. Smith, "to change the name of the church, grows out of a change that has come in the church herself—a change so great that not one of its opponents has escaped its influence. They have all felt that influence and acknowledged its power.

"Dr. McKim himself has bowed to its authority. He has in his church, among other innovations, a surpliced choir. More than fifty years ago a surpliced choir in the church of the Epiphany probably would have caused a riot, as the sight of one certainly actually did in many places elsewhere; nay, even the sight of a clergyman preaching in a surplice instead of a black gown was wont to stir congregations to their depths.

"A late bishop of Virginia waxed valiant in fight whenever he saw some of God's flowers on the altar. Colored stoles, until quite recently, wer the "ribbons of man's millinery". A cross standing on the altar was an abomination of desolation, standing where it ought not. For wardens and vestrymen reverently to stand while the alms were being presented was a departure from the church's best traditions; the proper thing was for them to turn their backs on the whole business.

"The clergy who countenanced these things were 'results in disguise,' 'snakes in the grass,' 'emissaries of Satan,' 'serpents whose heads it was devoutly hoped, God would crush.' (I am quoting from the Episcopal charges to the clergy.)"

Mr. Smith ends with a prophecy of ultimate and not long distant victory with respect to the change of name of the church.

"When that day comes," he says, "and it will be at no distant day, in our judgment, it will come with practically the unanimous consent of the church, and then the present opposition to that change will seem just as curious, just as pathetic, as the opopsition of a few years ago to surpliced choirs, flowers o nthe altar, and choral service does to us today."

### CARDINALS VS. WHITE "SOCKS".

**First Games of the Week Scheduled on Wednesday—Play A. H. S., Saturday.**

The Cardinals' schedule for this week will be one of local interest. The first game, which will be played at the park Wednesday next, will be against the White Socks, and as the "Sox" are composed of players from the southeast section of the town they have gotten together a nifty looking and strong team. With Ittner and Deavers as their battery, they should prove to be a hard bunch to defeat. Wells and Jones will be the battery selected for the Cardinals.

The second game of the week will be one of the most exciting contests of the season, as Manager Knight, of the Alexandria High School, claims his team can trim the Cardinals, the game Saturday between the schoolboys and the workingmen should be well worth the price of admission to see. The High School boys have been booming this contest for weeks, and with the support of the whole school they will do their best in the attempt. The Cardinals do not predict a victory and they realize that they will go up against one of the fastest teams that has ever been at the High School but think that either Bean, Cox or "Wizard" Burgendine will be able to hold the natty "Beau Brummel" lads down to a small score.

Many parents of the pupils in the Alexandria High School have never seen the lads perform in athletics, and as they are to play the Cardinals for baseball honors this would be a good time to visit the park to see them in action. May lady friends of the "high-brow" lads will attend the game and cheer for their favorites.

## PUMP COMPANY TO RESUME WORK

### Settlement With Creditors Has Been Arranged.

### THE MAJORITY AGREE.

**Application Will be Made to Judge Waddill to Dismiss Bankruptcy Proceedings.**

Following the announcement in Saturady's Gazette that the Belle Pre Bottle Co., one of the largest industries of Alexandria, would re-open on September 1st, comes the welcome news to those intersted in the progress of the city, that the Emerson Steam Pump Company, whose big plant is located near the Union Station, would shortly resume work.

A settlement has been reached between the company which is in the bankruptcy courts, and its creditors. For some days conferences have been held by Gardner L. Boothe, representing some of the large stockholders of the company, and other attorneys in Alexandria who represent the unsecured creditors. An agreement has been reached by which the latter will receive fifty per cent. of the amount of their claims in full settlement. The amount which is owing the unsecured creditors is approximately $30,000.

No definite arrangement has as yet been reached with the secured creditors, who hold the $200,000 bond issue secured by a mortgage on all the real and personal property of the company, but as some of the large stockholders are also holders of the bonds it is probable that an understanding will be raeched by which the bondholders will waive several years' interest in order that the plant may resume operations.

The payment of the unsecured claims is made by several of the largest stockholders who will also advance the funds for a working capital.

As a majority of the creditors have agreed to the proposed settlement, the next step to be taken will be an application to Judge Edmund Waddill, Jr., of the United States Court for the Eastern District of Virginia, to dismiss the bankruptcy proceedings. This is simply a matter of form as according to law when a majority of the creditors of a bankrupt agree to settle their claims the court must dismiss the bankruptcy proceedings. About $15,000 will be deposited with the court to pay the creditors and the money will be disbursed by the United State scourts. Mr. Boothe stated today that an application to Judge Waddill would be made at an early date.

As soon as the bankruptcy procedings are dismissed the work of manufacturing pumps will be resumed.

## MAY BE A UNION IN COMMON FAITH

### Pan - Presbyterians This Week in Atlanta, Georgia.

### TO BEGIN THURSDAY.

**Gathering of Delegates From Four Leading Church Organizations in America Expected.**

Atlanta, Ga., May 12—Nearly 1,500 commissioners, representing an aggregate of 2,000 churchmembers, are expected to arrive in Atlanta this week, to attend the "Pan-American Pentecost." This gathering of delegates from four of the leading church organizations in America is predicted to be one of the most important in the history of the country.

Three of the Presbyterian organizations will hold their general assemblies simultaneously. These are the Northern Presbyterian Church, with a membership of 1,500,000; the Southern Presbyterian Church, with a membership of 292,845, and the United Presbyterian Church, with a membership of 170,000. The highest Court of the Associate Reformed Presbyterian Church also will hold an adjourned meeting in this city. The synod of that church represents a membership of 17,000.

Business sessions which will include the election of moderators, will be held during the day beginning May 15, by these three assemblies. On each night during the ten days of the gathering joint session will be held, at which members of the different assemblies will speak on topics of mutual interest to the different bodies. Many of the commissioners are expected to arrive Tuesday to attend pre-assembly conferences scheduled for Tuesday and Wednesday. Most important of these conferences will be those at which proposals will be drawn for submission to the General Assemblies, that they unite in an expression of the general beliefs which are common to all of them.

It is understood that a proposal of this character already has been drafted by Rev. W. S. Plummer Bryan, of Chicago, and has been assured the support of influential members of each of the assemblies.

All other preassembly conferences topics for discussion include education, home and foreign missions, evangelism, the laymen's missionary movement and practical plans or cooperation in religious work among negroes.

Chief interest in the assembly of the Northern Presbyterian Church centers in the election of a moderator to succeed Dr. Mark A. Matthews, of Seattle. The names of Dr. S. S. Palmer, of Columbus, O., and Dr. Waitland Alexander, of Pittsburgh, both have been prominently mentioned as Dr. Matthed's probable successor.

Great interest also, is felt in the election of a moderator for the Southern Presbyterian Assembly. The present moderator is Rev. Thomas Stone Clyce, D. D., LL. D., president of Austin College, Sherman, Tex.

Among the questions of particular interest in the South is the proposed union of the United Presbyterian Church with the Southern Presbyterian Church.

# SUNDAY OPENING URGED.

**Many People Desire to Visit Tomb of Washington on Sunday**

Since the opening of an all-rail route to Mount Vernon in 1892 a large number of persons, who have no other opportunity to visit the American Mecca, have urged upon the regents the necessity of opening the grounds to visitors on Sundays. Thousands of persons, who are employed on week days, have no other opportunity to visit the tomb of Washington, and it is a fact that a large number of people, some of whom reside in close proximity to this interesting spot, live and die without entering the grounds.

Up to 1876 the Louvre Musee in Paris was kept closed on Sundays, and many people, who had no other time to inspect the great collection in that place, played their respective parts on this terrestrial sphere without having visited this most interesting place. It was finally opened and the Louvre Musee is now a great resort for Parisians. The British Royal Art Gallery is also now open on Sundays.

Nearly all public buildings in Washington are closed on Sundays, but many think that the great mass of people should be allowed to enter these structures on that day.

Those who are advocating Sunday Mount Vernon openings are encouraged by the fact that it has become known that a few members of the board of regents of the Mount Vernon Ladies Association, are inclined to favor this move. No definite action has been taken, but it is said the subject informally has been discussed by members of the board of regents, and that some formal action may be taken.

While there is nothing tangible on which to base hopes of the project being carried through, the mild sentiment in favor of it, which is said to exist among several members of the board of regnts, gives rise to the hope that persons who are employed on week days will be allowed to visit the tomb of George Washington on the Sabbath.

Miss Janet Richards, the lecturer, who was the author of the resolution approved by the Daughters of the American Revolution convention requesting that Mount Vernon be opened on Sundays, is one of the many working to attain this end.

W. Lanier Washington, of New York city, has presented to the board of regents of the Mount Vernon Ladies' Association, a number of valuable relics that descended to him from General George Washington, and they will be put on display for the first time this week. In addition to these relics, he has also sent to them a reproduction of the only oil portrait ever made of General Washington's mother.

Another valuable gift, to be added to the collection of Washington relics, is the original patent of deed, signed by Lord Culpeper, to 5,000 acres of land which subsequently descended to Washington and of which the present Mount Vernon estate is a part. The document is dated 1674 and is in a good state of preservation.

# SERMONS ON MOTHERS' DAY

**Appropriate Discourses Delivered in Alexandria Churches Yesterday**

Backward, flow backward, O, Time in thy flight—
Make me a child again just for tonight.
Mother, come back from the echoless shore,
Take me again to thy arms as of yore.

The above lines from an old ode were brought to the minds of many yesterday while listening to sermons on Mothers' Day. The reproductive power of the brain brought out films of the sunny days of youth when mothers presided over households long broken by the scythe of the relentless destroyer. Men and women, now in the advanced evening of life, wore white carnations in respect to the memory of mothers who have long since passed into the eternal world, while many displayed the colored variety in acknowledgment of the fact that the lives of the presiding angels of the family were still performing their noble parts.

The churches were well attended and the sermons were appropriate and interesting. Rev. J. W. Duffey, D. D., of the M. E. Church South, took for his theme "A Praying Mother's Triumph." In Trinity M. E. Church, Rev. G. A. Luttrell based his discourse on "Our Mothers'." "Ideal Woman" was the subject of the discourse of Rev. Dr. J. Lee Allison, in the Second Presbyterian Church. Rev. C. R. Strausburg delivered a discourse on "The Influence of Mother." In the First Baptist Church, Rev. Dr. W. F. Watson preached in the morning on "Mothers" and at night on "Fathers."

Many pathetic and suggestive thoughts were uttered by the respective ministers and they were listened to with close attention, as their words were of a nature which appealed to all.

### CAMP RESCINDS ENDORSEMENT.

**Opposed to Celebration of Downfall of Confederacy Here.**

Richmond, May 12.—R. E. Lee Camp No. 1, United Confederate Veterans, Saturday night by a unanimous vote rescinded its former approval of plans for a peace jubilee to be held at Richmond in April, 1915, and adopted a resolution placing itself upon record as opposed to any celebration commemorating the downfall of the Confederacy. At almost the same time the George E. Pickett Camp, United Confederate Veterans, declared itself opposed to any celebration of the surrender at Appomattox. Committees from the two camps were appointed to meet with committees of other organizations at the Jefferson Hotel on the night of Monday, May 19, when plans for a southern celebration at Richmond are to be discussed.

Rev. C. Braxton Bryan was warmly applaunded when he took occasion to suggest that the camp go on record as unalterably opposed to any celebration of any kind on the date of the surrender of Lee. His suggestion, however, was not adopted by the camp. Judge George L. Christian was the author of the resolutions which were adopted, and which rescinded the former action of the camp, which had been favorable to the proposed semicentennial celebration in Richmond.

The land owner and the finder disputed over the ownership of this gold, so they finally settled the matter by dividing the contents of the old skillet, each taking $325 and going his way rejoicing.

No one in the community had any idea of the existence of this old-fashioned cooking utensil or of its valuable contents. It is supposed it had been hidden many years and had probably been buried since the war between the States.

## ALL NATIONS OF THE WORLD INVITED.

The celebration of the Treaty of Ghent, in which Alexandria is greatly interested, as this city will be one of the places which will be brought into great prominence, is to be made an international affair, as all the nations of the world will be invited to make the event signalize a new era of international good will.

The invitation was issued yesterday by the international conferences now in this country arranging this celebration. The American Secretary of State and the British Secretary of State for foreign affairs are asked to transmit the invitation to other governments.

The manifesto adopted by the conferees says that they "unite in offering to the governments and the peoples of the civilized world an earnest invitation to take part in making this celebration in every way worthy of the one hundred years of peace that it commemorates.' 'and continues:

"We invite such cooperation to the end that it may be made clear and unmistakable to public opinion everywhere that the time has come when international rivalries and differenees,though numerous and severe,may be settled without the carnage and horrors of war. Although it be unreasonable to disregard the possibility of conflict arising in the future, out of mutual or partial misunderstanding, yet we gratefuly recognize that the chances of misunderstanding have been largely eliminated by the degree in which modern science has facilitated intercourse and accelerated communication.

"We are, therefore, encouraged to hope that the development of letters, science, and the arts, of commerce, industry and finance, of mutual knowledge, trust and good feeling on the part of those who owe different allegiances, and who speak different tongues, may profitably absorb the energy of mankind, as well as offer opportunity for the display of the noblest and finest traits of mind and of character.

"Great Britain has been a colonizing nation, and the United States has drawn to its population various and powerful elements from different countries and from different flags. Therefore, a century of peace between Great Britain and her dominions beyond the seas on the one hand, and the United States on the other hand, touches directly both the interests and the imagination of every land to which Great Britain's sons have gone, as well as those of every nation from which the present-day population of the United States has been drawn.

"Such a celebration will not only close a century of exceptional significance and importance, but it will call attention to an example and an ideal that we earnestly hope may be followed and pursued in years to come. What nations have done, nations can do."

## MOTHERS' DAY CELEBRATED.

"Mothers' Day," no wa recognized annual occasion, was duly observed in Alexandria yesterday. The number of carnations—white and colored—was legion, and all wearing them were glad of an occasion to show public respect to the greatest friends they ever had.

There are intervals during the busy life of adults when bygone days with their memories of the family home, may become partly obscured by the dust of time, but often trivial experiences or domestic pictures will bring to the mind scenes around the family circle where father and mother presided.

Men whose locks have been whitened by the snows of many winters wore the white flower of innocency, emblem of their younger and guileless years when they were trustful little children clustering around loving mothers.

## ROYAL ARCH MASONS.

Grand High Priest Sol Cutchins, of Richmond, will pay an official visit to Mount Vernon Chapter, Royal Arch Masons, of this city, tomorrow night.

A number of the members of the Grand Chapter are expected to accompany him.

All arrangements for the reception have been made and an enjoyable time is anticipated.

After the close of the chapter a banquet will be tendered the grand officers in the Young People's Building.

He was a son of the late Allegheny Smoot, and married a Miss Van Duzer. He was employed as head bookkeeper of the Noiseless Typewriter Company of New York. Mrs. Barley left this morning to attend the funeral.

## DEATH OF ALEXANDRIAN.

Mrs. Thyra Virginia McIlhenny, widow of the late George A. McIlhenny, died at her home, 2001 O St., N. W. Washington, D. C., on Friday morning last, and was interred in Oak Hill cemetery this afternoon, at 2 o'clock, Rev. Ernest Smith officiating.

Mrs. McIlhenny was formerly Miss Thyra Virginia Smith, of Alexandria, and spent much of her early life here.

In 1896 she married George A. McIlhenny, who, until the time of his death, was president of the Washington Gas Light Company.

Mrs. McIlhenny possesed rare qualities of heart and mind, and noble Christian virtues.

She was a cousin of Mrs. S. F. Slaymaker, of this city, of Miss Louise Armstrong, and of the late J. C. Milburn.

## THE COOL WAVE.

The low temperature which spread over this portion of the country last week was suggestive of March. The temperature was unseasonably cool Saturday night and ice was reported in some places yesterday morning. The high northwest wind prevailed during most of yesterday, sending clouds of dust through the streets and at times rendering outdoor conditions uncomfortable.

Unreasonably high temperatures are not expected to prevail during the coming week over any portion of the country, according to the weekly Weather Bureau bulleting issued. "Temperatures may rise on Monday, however," the bulletin said, "over the eastern half of the country and also on Tuesday from the Lake region and Ohio Valley eastward, but probably to only about normal conditions. In the plateau region and the extreme northwest it will be cooler by Monday night, with frost in the latter section and by the middle of the week it will be cooler in the Plains States, the Upper Missisippi Valley and the Upper Lake region. In the South normal temperatures will prevail.

"No precipitation of consequence is indicated over the Eastern portion of the country. Showers will occur early in the week over the Northwest and Central West, and probably by the middle of the week in the central valleys and the greater portion of the lake region, followed by generally fair weather during the second half of the week. In the South Atlantic and East Gulf States there will be local thunder showers during the first half of the week followed by generally fair weather during the latter half. In the West Gulf States generally fair weather is indicated.

## SMILES.

By The Second Ward Bard.

### A PROBLEM.

Geraldine Fay is a maiden fair
With fine red cheeks and curling hair,
She's a girl who is a picture good to see,
She makes the old piano ring
The rag-time stuff she can certainly sing,
And in her company it is good to be.

Susan Boggs isn't much for looks,
She's not like the heroines found in books,
And she cannot play a note or sing a line,
But she can keep house and sew quite well,
And, as a cook, she is surely swell,
And qualities like these, of course, are fine.

My heart's perplexed 'bout which I'll choose
I'm struggling hard wrth a fit of blues,
That the problem is a hard one you'll agree,
But a face that's fair and music sweet
Won't sew on buttons or broil my meat,
So I reckon Susan is the girl for me.

We would be awfully obliged if somebody would only turn off the west wind.

Just a little while now and the hay-fever squad will be doing pennance.

There's a lot of pretty blossoms with their fragrance and their bloom
A-growing in my flower garden bed,
But it has got so cold that I can't smell their sweet perfume.
For I'm suff'ring wih ha mean cold in my head.

## TONSILITIS TIES UP TOWN.

Thirteen Deaths and 357 Cases in Small Massachusetts Village.

Canton, Mass., May 12.—The state Board of Health today took full control of this city in an attempt to check an epidemic of tonsilitis, the peculiar manifestations of which have puzzled the authorities.

Within a few days 357 persons, or about one to every ten of the population, have been stricken, and 13 cases have proved fatal. The deaths have all been sudden. Two patients died today. Schools and other places of public assembly have been closed and public funerals are prohibited.

## NARROW ESCAPE.

Caught on Bridge, Walker Hangs From Edge to Save Life.

Hamburg, Pa., May 12.—Harvey Brown, of Shenandoah, had a thrilling exeperinece while walking across the Reading Railway bridge over the Schuykill river here Saturday. When about midway across a passenger train going at a 30-mile came rushing along.

Brown was afraid to jump into the river 51 feet below and quickly throwing into the river a package containing a new suit, he crawled out on the ties and hung suspended until 12 cars passed.

Engineer James Lotz, of Pottsville stopped his train and with the assistance of Conductor Samuel Thompson of Reading, helped Brown to the tracks.

## SEARCH FOR MISSING BOY.

Pleads With Man, "Please Don't Take Me Away."

Burlington, Va., May 12. — Although the police and Boy Scouts have searched for Albert Smithsh have searched for 6-year-old Albert Smith since Friday, no trace of the boy had been found today, and it was feared that he had been murdered, carried away, or possibly drowned in a stream near has home. The boy's mother is confident that he is alive, and she declared that she had visions of his holding out his arms and begging that she come to him.

Every effort is being made by the police to find some trace of a man who is believed to have been near the Smith home shortly before the boy's disappearance.

A butler in the home of Mayor Rue reported that he heard a boy cry out from the alley in the rear of the Rue place Friday, and the outcry was answered by a gruff voice or a man, apparently attempting to reassure the child.

The butler declared that the boy was pleading with the man to release him, and heard him say, "Please don't take me away."

HOT TIME IN HYDE PARK.

Suffragettes Jeered And Attempt to Duck a Man.

London, May 12.—There was another hot time in Hyde Park yesterday afternoon at a suffragette meeting, organized by the male suffragists. They had a wagon from which the chairman was allowed to talk. The police have prohibited the women from speaking at these meetings.

After the chairman had made a short address Laurence Houseman fololwed, and started a ruction. He speech was greeted with yells, choruses, and other interruptions, and only an occasional sentence of what he said was heard.

Mr. Houseman's assertion that "woman is a human being," drew a retort from someone in the crowd that 'a woman is a beast,' at which the mob roared with laughter, and cheered.

The speaker in trying to illsutrate the disabilities of the women, said: 'I will give you an incident of what happened recently." This was taken up instantly with a shout of "the bomb in St. Paul's Cathedral."

Another speaker, in trying to overawe the crowd, shouted, " You are a lot of hooligans." The mob then rushed the wagon which was overturned. Most of the speakers jumped clear of it, but one fat man went down with the carriage, and the police helped him to get up.

The crowd closed around the fat man, shouting "bombs," "arson," and 'duck him," as if they would throw him into the Serpentine as there were few policemen present. Reinforcements were hurried, however, in time to save him, and he was escorted to the police station for safety.

Other men in the party were hustled and chased by the mob. One man who waved a suffragette flag, and fought to retain it, got some very rough handling. Many women tried to make speeches in the crowd, but were all badly handled. Some were pelted with turf, while others had their relothes torn. The police rescued them, but often had great difficulty in doing so, and were kept especially busy in preventing the woman from being rushed to the Serpentine, into which the mob wanted to duck them.

FINDS $3, 600 IN HIS HANDBAG.

Sister Rummages in Dead Brother's Old Financial Receptacle.

Norristown, Pa., May 12.—There is a story back of the fact that Judge Solly, adjudicating the estate of the late Joseph Dearolf, of Pottstown, allows the latter's brother, Elijah Dearolf, $600 for six years' board of the former.

Joseph, coming from the West, had insisted he was to poor to pay board; but after he died his sisiter found in his locked handbag $3,600, largely in bank deposits at Pittsburgh and Grove City, Pa. So his brother, Elijah gets the $600 board money and the bulk of the $3,600 is divided between 33 heirs.

Killed by Explosion.

Uniontown, Pa., May 12.—When the magazine of the Sunshine Coal and Coke Compnay's mine No. 1, three miles from Masontown, this county, exploded at 1 o'clock yesterday afternoon the mining town was practically wiped out, three persons were killed and 40 men, women and children were injured, 22 of them severely. The magazine contained 500 sticks of an explosive resembling dynamite, but which was believed to be non-explosive. The general store, the home of Francis Rocks, an official of the company, and 25 small dwellings were made uninhabitable, and this evening the inhabitants of the town moved to another mining settlement.

METEOR MISSES AUTOIST.

Then He Stops and Digs Bit of Metal From Earth.

South Bethlehem, Pa., May 12.—George McDevitt, a local chauffeur, escaped being hit by a meteorite while out in his machine near Layton's Crossing. He was speeding along and was startled to hear a hissing sound and an instant later see a fiery object bury itself in the ground near his machine.

McDevitt stopped the car and dug out the meteorite, the size of a chicken's egg and still hot.

## NEWS OF THE DAY.

In a fight yesterday with an unidentified Italian who had been menacing women and children in a park in New York, Police Frank Anderson shot and killed the man in self-defense.

Mrs. Anna Gabrisch, 33 years old, a native of Austria, but recently residing near Baltimore, yesterday morning clasped her 5-years-daughter to her bosom, sent a bullet through her child's brain; then turning the muzzle of her revolver to her own temple, fired again, dying almost immediately. With her child still in her embrace, she was found lying across her bed in a room of the home of her brother, Joseph Pole, Eastern Avenue and Middle Road, where she had been living for nine months. Her deed was due to despondency over domestic trouble.

Twenty-five federal officers, including an infantry and artillery colonel, who were taken prisoners during last week's fighting above Guaymas, Mexico, were shot at a public execution by order of the constitutionalist commanders.

The worst typhoon experienced in years struck the Phillippine Islands yesterday causing many deaths and wrecking several small steamers and numerous lighter craft. The known fatalities at sea total 58, but the total death list from the storm is swelling with incoming reports. It is believed no Americans lost their lives.

The volcano of Mount Vesuvius continues to show signs of increased activity. The earth tremors which have continued for the last twenty-four hours are the most severe which have occurred in this section in many years. Saturday night a huge section of the cone fell into the crater sending forth a dense cloud of ashes. Smoke and vapors have been issuing from the crater and crevasses for several hours, and the peasants are fearful of another eruption.

"What's the use of cleaning the cellar? You've sold the house. Let the buyer do the cleaning," said friends of Miss Gertrude Furlong, a school teacher, who sold last week the house in Albany, N. Y., left to her by her father. "Oh, I couldn't leave it in such condition. I'd be ashamed," said the young woman. Saturday she began throwing out the old tins and kettles which littered the cellar. One big kettle crumbling with rust went to pieces as it fell, and from it flew a shower of gold pieces. Miss Furlong found $13,000, in gold, bills, and bonds. Her father, Phillip, was a switchman. No one knew he had means.

A suspicion that a crazed father whose child was killed by an automobile is setting out to do what he can to destroy all automobiles in Chicago is back of an investigation started by the fire department attorney's office into the causes of three disastrous garage fires within 30 hours. The Oakland garage was the last of the three to go. Its destruction brought the aggregate loss to around $420,000 made up of the three buildings and 132 cars.

An express package, said to have contained diamonds and jewelry worth $20,000, was shipped by Reis & Armstrong, of Macon, Ga., to the New York jewelery firm of H. W. White & Co., several days ago, and when it arrived at its destination the package contained a few pieces of metal and scraps of paper. No trace of the missing diamonds has been found and no arrests have been made.

One man was probably fatally injured and three others were hurt yesterday when the first clash between the employes of the traction company and strikers and their sympathizers occurred. When the company attempted to move several of its cars, Charles Weber, a motorman, of Chicago, was dragged from his car and injured internally. He is not expected to live. The injuries to the other three all strike sympathizers, were from thrown missiles, and are not serious. Two other fatal injuries, due, incidentally, to the strike occurred. John Cochran, who attended a meeting of the coopers union, which passed resolutions favoring the strikers, fell down a flight of stairs in leaving the hall and broke his neck. William E. Goode, a negro, was fatally shot by another negro after an argument about the strike.

Two Bulgaran military trains collided Saturday night between Drama and Buk according to a dispatch from Saloniki. One hundred persons were killed and three injured.

# YOUR HAIR IS TURNING GREY AND IT MAKES YOU LOOK OLD

This is Not the Time When Old Age is to be Desired

TO KEEP POPULAR KEEP YOUR APPEARANCE OF YOUTH

A young man was surprised to have his application for a position "turned down." He was better equipped for the position than the fellow who got it. He discovered that his grey hairs did it. He was "too old" looking. It's the same everywhere. There is no doubt but that grey hair does make a man look old. There is no use waiting another minute—don't lose your position or fail in getting a better one because you are old looking—use Hay's Hair Health now.

Those who are using Hay's Hair Health recommend it to their friends, because it is genuinely good, always restores grey hair to its natural color; destroys dandruff, keeps the scalp clean and healthy. You begin to note the difference at once. The few grey hairs disappear and never return.

Why look old when you are young? Get a bottle of Hay's Hair Health at once; start using it and see what a difference a few applications make.

**PROPHECY IN LORD'S PRAYER.**

Minister Tells Suffragists That Their Day is Bound to Come.

Philadelphia, May 12.—Declaring that the placing of women on an equal footing with men was inevitable as part of the general scheme of development having for its object the perfection of government Rev. T. W. Illman, of West Philadelphia, yesterday told members of the Woman's Suffrage party that properly punctuated, the Lord's Prayer was a prophecy of a condition which will maintain on earth when there is a complete democracy. The address was made at the Saturday afternoon tea of the Suffrage party in the Hale Building.

Mr. Illman declared that a majority of the people do not receive a correct impression of the meaning of the Lord's prayer because of the punctuation. Instead of being separated by periods the sentences, "Hallowed by Thy name. Thy Kingdom come," should be more closely related to the sentence, "Thy will be done on earth as it is heaven." This relationship would show that the ideal state will be attained here as in heaven.

"In the revolutionary process toward perfection one form of government after another is being tried out," said the speaker. "We felt that we could not exist half slave, half free in dealing with the race question, and now we find that we cannot attain a perfect state of government and citizenship while countenancing a sex difference. My message to you women is that you must realize your responsibilities. Work for suffrage, not because of the help it might be to you individually, but because it is your duty to help bring humanity to that state of perfection which was intended by the Creator of all things."

**THE ALIEN LAND BILL.**

Japanese Earnestly Protests Against Measure.

The Federal government's final effort to delay alien land owning legislation in California was made last night, when Secretary Bryan, in the name of President Wilson, telegraphed Governor Johnson notifying him that the Japanese Ambassador had earnestly protested against the bill passed by the California assembly, and urging that the governor postpone action by withholding his signature.

Whether or not the governor complies with the administration's request there probably will be important diplomatic negotiations between the United States and Japan imemdiately. If the land bill is vetoed the President and Secretary Bryan will have to undertake to carry out their promise to accomplish through diplomacy the ends sought by the Californians. There has been no intimation of what may be expected in the event the governor gives the bill his signature. However, a test in the courts is regarded as a certainty if the law becomes effective, and in spite of the silence at the White House and State Department there still is talk outside of the possibility of employing the referendum as a means for delaying the effectiveness of the proposed law for at least nearly two years.

**PLEADS FOR FRATERNALISM.**

Pastor's Socialistic Talk Stirs Gathering of Teachers.

Mount Holly, N. J., May 12.—Two hundred or more teachers and many of their friends attending the spring meeting of the Burlington County Teachers' Association at the High School Auditorium yesterday, heard Rev. Arthur Phillips, of Beverly, talk along Socialistic lines and tell of the great injustice caused by an absence of a fraternal spirit and an unequal distribution of wealth. Mr. Phillips told the teachers that for the good of all mankind there must be inculcated in the minds of the rising generations the kind of fraternalism that will take root with the idea of preventing a continuance of the present centralization of wealth. He declared that there is too much human selfishness in the make-up of people generally and to create general satisfaction and improve the conditions of the people at large there must be started a real brotherhood among men.
